

## **Basic information**

Section 26a (1) sentence 2 et seqq. of the German Banking Act (Kreditwesengesetz – KWG) transposes the requirements of Article 89 of EU Directive 2013/36/EU (Capital Requirements Directive, CRD IV) into German law.

Under these reporting requirements, CRR institutions disclose the following information broken down by member states of the European Union as well as non-EU countries in which fully consolidated companies included in LBBW's consolidated financial statements maintain a branch office or have their domicile:

- · Name of company, type of activity and geographic location of the branch
- Revenue
- · Number of wage and salary recipients holding full-time equivalent positions
- · Profit or loss before tax
- · Taxes on profit or loss
- Public-sector aid received

Moreover, the CRR institutions state the return on capital to be disclosed in accordance with section 26a (1) sentence 4 KWG, calculated as the quotient of the consolidated profit/loss after tax (IFRS) and consolidated total assets (IFRS).

The figures contained in this report are based on the IFRS consolidated group and refer to the reporting date, i.e. 31 December 2024. Revenue, net consolidated profit/loss and income tax expense are stated before consolidation effects and are reported in EUR millions.

The operating result, which is used as a basis for the revenue reported for the individual companies or branches, is derived from the aggregate of the following items of the income statement:

- Net interest income (excluding allowances for losses on loans and securities)
- · Net fee and commission income
- · Net gains/losses on remeasurement and disposal (excluding allowances for losses on loans and securities)
- Other operating income/expenses

Profit/loss before tax and income taxes are also derived from the individual IFRS financial statements of the respective company.

The number of employees equals the average number of full-time equivalents in accordance with section 267 (5) of the German Commercial Code (Handelsgesetzbuch – HGB).

## Disclosures in accordance with section 26a KWG

The LBBW Group did not receive any state aid in the past financial year in accordance with the EU state aid procedure.

#### 2. Return on capital

The return on capital to be disclosed in accordance with section 26a (1) sentence 4 KWG is calculated as the quotient of the IFRS consolidated profit/loss after tax and IFRS consolidated total assets.

Due to an increase in allowances for losses on loans and securities as well as total assets, the return on capital saw a moderate decline to 0.24% (previous year: 0.30%).
